COMMERCIAL CLUB TO WORK TO INCREASE DAIRYING

A campaign of work which will ultimately end in the increase of the dairy business in this section of the county is being inaugurated by the Commercial club and will be pushed hard during the ensuing year.

This week an advertisement is being put before 140,000 people in the dairy sections of Minnesota and Wisconsin setting forth the advantages of Ontario over the east in raising feed such as alfalfa, and corn ensilage. In the ads the people are not being asked to buy land, but to bring their dairy herds to this section and contract for alfalfa, which is the great cow food and milk producer.

The dairymen back there are paying \$18 to \$20 a ton for alfalfa shipped from the west and are selling butter fat for from 3 to 5 cents per pound less than it is quoted at in Oregon. If they can make twice the money here why is it not a good move to bring their cows to the place where the right feed grows and can be sold at right prices?

Some great results are expected from this dairy campaign and when the thinking man figures it out it is believed that Ontario will ship more dairy products than can be imagined by the unsuspecting person.

200,000 dairy folders are being printed to send into the heart of the dairy centers of the east. Many new people have visited the Club rooms this week and all seem impressed with the country and what products can be grown. Correspondence is coming in from various parts of the country wanting information on the dairy question, even other clubs in the state having requested information as to how Ontario is going after its dairy cows.

In a few days the Club room will have a display of thousands of the dairy folders will be mailed out to an immense list of names that has been accumulating for some time.

The directors will meet the early part of next week to transact regular business.

MUSICAL COMEDY AT THE DREAMLAND NEXT WEEK

Dreamland Theatre will have a musical comedy company for three weeks commencing Monday, March 1. The Edwards and Merritt Musical comedy company comes with a record of runs at the Lyric theatre in London and will produce here some of the comedies that were the biggest hits at that city, among them "A Trip to the Moon," "The Gay Musicians," "Miss Innocence," etc. Included in the company is Miss Daisy and Miss Billy Vinson and the singing and dancing Honey Girl chorus of pretty and vivacious maidens who know how to sing and dance. The Dreamland will ring with music and merriment Monday, Tuesday and Wednesday.

Some sure thing gamblers fled when they would be sure thing gamblers of a few days ago. It is difficult to see where the victim is entitled any sympathy, he thought he was being the other fellow.

Funerals were generally observed in all the churches by special services. Delegation of Knight Templars met at Weiser for services there.

The Felix Barkley home at Vale, destroyed by fire last week. A fine fire, loss \$1,000.

LOCAL ITEMS

Miss Harriet Hoffman is visiting Weiser friends for a few days.

B. F. Farmer, of Nyssa, has gone to the Bully Creek irrigation project to do some surveying.

E. N. Strong, of Portland, will sing the "Good Shepherd," a tenor solo, at the Congregational church Sunday morning.

Louie P. Hurtle was married Easter Sunday at Payette to Miss Alice R. daughter of Mr. and Mrs. O. J. Skaggs, at the family residence, by Rev. Englen. They have been at home to their many friends who called, with bands of music and best wishes.

An effort is being made to boom Homedale and the new mining camp near there. While the Argus knows nothing about the merits of the camp the boomers know even less about mining. In the Capital News on Monday one of these boomers wrote about sinking a tunnel 200 feet. Homedale has many advantages as a town site and it is not necessary to improve a mining camp to get the attention of the people.

A very pretty wedding occurred at the Methodist parsonage last Wednesday, when John Sterling Williams, of Canyon county, Idaho, and Flora Delis Merrell, of Malheur county, were married by Rev. Thos. Johns. The young couple will make their home in Payette, Idaho.

Last year the Argus had a great deal to say about the house fly and the filth it carried into the homes and deposited on the food and persons of the family. At present the supply of flies is limited and every one killed at this time will have a large bearing on the production for the season so sweat every fly you see and get the habit, it may save the life of one of your loved ones.

Another system that is worthy the attention of the city fathers and the householders is the ordinary precautions to do away with the propagating beds that are usually found in all back yards and around stables. Flies can only breed in filth, do away with filth and you stop the supply. Use closed garbage cans and keep things clean around the stables. Get a closed can now for the garbage and it will last the balance of your life.

Obituary

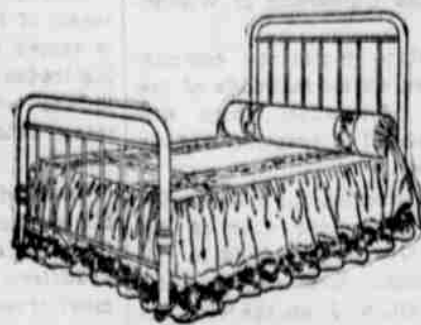

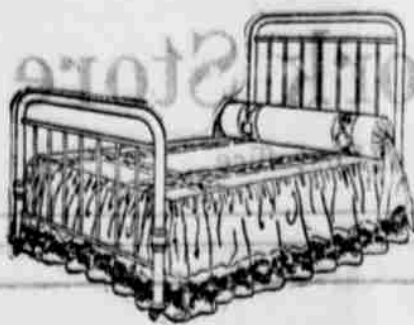

Frank Trosper, who died at the home of John Richardson on March 17, was buried Sunday afternoon, the services being held in the Methodist church, conducted by the pastor.

Mr. Trosper had been a resident of Ontario for six years. He has one sister in Montana and three brothers and one sister in Salina, Kansas. He was a member of the Methodist church for two years and a large number of the membership turned out to the funeral and did what they could to show and express their sorrow for one who was taken from their midst so suddenly.

Mothers' Pension Law in Utah

Salt Lake City.—Mothers' pensions are now effective in Utah. Mothers compelled to work for a living will receive \$10 per month to support one child and \$5 for every other child. The idea of the law is to have mothers remain at home with their children to raise them properly.
